Our Products

RUGGED MOBILE DEVICES

Get more use out of your mobile device than the 2-year lifespan of a typical device. Ideal for use in industrial and military markets, our smartphones are built with industrial environments in mind. These devices meet military standards for shock & vibration, limited water submersion and dust ingress. Available in a range of colors, styles and models. Our devices are IP Rated, MIL STD 810G, NFC Functions and OS Options.

TABLET PRODUCTS

Boost performance, communication and time management by implementing mobile tablets into your business processes. Lightweight or ruggedized, AGDisplays offers a range of off the shelf tablet devices to improve information resourcing and collaboration between teams. Tablets allow for intuitive management operations at your fingertips with limitless mobile applications compatible with today's best software. AGDisplays makes commercial off the shelf tablets easy to purchase with flexible spec options and easy purchasing.

TOUCHSCREEN DISPLAYS

View our selection of the most reliable touch displays on the market. We offer resistive, projected capacitive, surface capacitive, SAW and IR touchscreens in a huge size range. Our displays are able to be integrated into applications like digital catalogs, menu board, and advertisement displays. These products offer solutions for a user interface in many industries where users need to control, monitor and manage processes is critical to design. Our panels are eligible for performance upgrades like ruggedization, optical bonds and EMI protection.

SMALL-MEDIUM-LARGE DISPLAYS

AGDisplays leads the way in offering an extensive range of LCD panels for integration into your design project. Our LCD design solutions maximize standard LCD performance in any environment. Products are ideal for the Medical, Marine, Transportation, Manufacturing and Finance as well as branches of the US Military. We offer products for integration into new or existing designs as well as LCD replacement upgrades. From small to large sizes, all of our LCDs can be outfitted to meet custom specification requirement. Signature LCD solutions maximize standard performance in any environment.

Our Products

MEDICAL DISPLAYS

AGDisplays works with contract manufacturing & product development companies to transition projects from design to manufacturing. We bring our partners' ideal solution to life with design and manufacturing expertise. Our turnkey medical monitors selection gives your team a global reach in supply chain. Medical displays are off the shelf, and we integrate value added performance solutions right here in Pennsylvania. Featuring stable, high bright display readability and sharp contrast, our LCD technology is sure to support accurate medical image diagnoses.

MARINE DISPLAYS

With advancing technology, AGDisplays premieres IPS-LCDs featuring clearer and brighter screens with wider viewability for a better boating experience. These LCDs are built with a rugged chassis to prevent ingress of dirt, mud, water or other contaminants. Some panels feature an optically bonded LCD/coverglass to further prevent moisture and condensation on the LCD screen. Our marine displays are protected and designed specifically for use in all marine/boating applications.

DIGITAL SIGNAGE

The way advertising is digested by consumers is quickly changing from traditional print to attention-grabbing digital media. Digital Signage is a stunning and valuable solution for companies looking to stay relevant while prioritizing ease of use and brand awareness. Digital signage offers fast on-sight installation and easy access for maintenance & repairs. The platform itself lends itself to cost effective content recycling & renewal. AGDisplays offers stand alone kiosks and small to large LCD signage.

PANEL MOUNT DISPLAYS

Find a variety of panel mount displays that's the right fit for your project. Our selection of panel mount displays were designed for industrial workstations. LCD panels are designed for end-user quality and reliable, long term operation. Work with AGDisplays to determine which panel mount display fits best for your unique design. From ruggedization to high bright display options, AGDisplays products can be outfitted to meet custom specification requirements.

Our Products

TOUCHSCREEN TABLES

Impress customers and partners with highly useful and interactive touchtables. Hold meetings and communicate business messages as well as publish effective advertising. With superior viewing angles and sensitive touch technology, our touchtables create an opportunity for intuitive and engaging tasks. Touchtable technology is expanding in the commercial markets. They're being used in applications such as showrooms, bars, waiting rooms and more. With touchtable technology, users perform tasks faster and with fewer error. Enhance the customer journey with your brand with a touchtable in your venue!

MULTIMEDIA KIOSKS

Strategic kiosk placement and attractive advertisement will bring customers to you, increasing overall product exposure. Communicate message and alerts to team members, tourists or guests with public message boards; decrease wait time with self check in terminals. With limitless applications, AGDisplays offers a wide range of kiosks, smart tables and digital signage to effectively reach your customer. Find the right product for your business today!

SPECIALTY DISPLAYS

Ready to think outside the box? AGDisplays offers other multimedia LCDs to bring interaction, creativity and technology together. Explore new and innovative ways to bring your products to your customers. From teaching all-in-ones to 3D displays, your creativity is bound to wow on-lookers. We offer products such as 3D holographic displays, transparent LCD displays, white/blackboards, and glasses free 3D displays.

VIDEO WALL PRODUCTS

With an expansive portfolio, AGDisplays offers a range of LCD video walls with specifications to meet any need. Our top of the line products feature narrow bezels for a seamless feel, users are captivated by the media displayed on our walls. Our LED technology offers optimal contrast ratios, high definition imaging and long lifespan. With ultra-wide viewing angles, users will see a clear picture no matter where they're positioned.
